El-Riyadh 101 Block 12, Khartoum P. O. Box11587, Khartoum 11111, Sudan

ACADEMIC QUALIFICATIONS:

I. POSTGRADUATE:

1. Clinical MD of Dermatology, Venereology and Andrology, University of Juba, April 1998 - April 2002.

II. UNDERGRADUATE:

1. Bachelor of Medicine, MBChB; Alexandria University, Alexandria, Egypt 1980.

III. Schooling:

1. Secondary school: Gamal Abdel Nasser, Khartoum (1970-1973).
2. Preparatory school: El Khartoum El Neumozegia (1967-1970).
3. Primary school; El Khartoum El Neumozegia (1961-1967).

POSITIONS HELD:

1. Research member at Institute of Endemic diseases, University of Khartoum (2011-present date).
2. Sudanese Journal of Dermatology, Editorial Board member (2002 – present date). E mail: sudanessedermatologists@yahoo.co.uk.
3. Pan Arab League Dermatology (PALD) Journal, Editorial Board member (2013 – present date).
4. Jabir Abu Eliz Diabetic Center (JDC), Department of Dermatology, senior specialist (2002 – present date).

5. Khartoum College of Medical Sciences, Lecturer - part time, course of Oral Manifestations of Skin Diseases-Oral medicine department, Dentistry College, since July 2005 – 2012.
6. Academic member; organ of the Sudanese Association of Dermatologists (SAD) - 2003-2013.
7. Sudan Medical Specialization Board (SMSB) - Dermatology Council; Lecturer, supervisor and external - internal examiner (2011- present date).
8. Secretary General; organ of the Sudanese Association of Dermatologists (SAD) - 2015-2021.
9. 4Open Journal, Editorial Board member, Life Science-Medicine (2017 – present date).
10. Technische Universität München- Abteilung für Dermato-Histologi. (2017– Present date).
11. Scientific & Academic Publishing, USA. (SAP) Journal, Editorial Board member- American Journal of Dermatology and Venereology (AJDV) (2017 – present date).
12. Head research committee, Sudan Medical Specialization Board (SMSB), Dermatology council, November 2018-2022.

ACHIEVMENTS:

The goal from all these positions holds is to raise the efficacy of research, improve quality and to push sponsoring areas to share in medical activities, conferences, papers publications for Sudanese researchers in international reputable journals and to share as speakers in international conferences and to encourage new dermatologist's generations for dermatology subspecialties e.g. Paediatric, surgery, dermatopathology...etc. I think we could reach to some extent, some of our goals and still try.

PRESENT POSTS:

1. The choice (The Ingaz) Medical Clinics Complex IMC, Department of Dermatology- Senior consultant.
2. Sudan Medical Specialization Board (SMSB), Head research committee, lecturer and internal examiner.
3. Technische Universität München- Abteilung für Dermato-Histologi, Research member.
4. Research member at Institute of Endemic diseases, U of K.

5. Secretary General; organ of the Sudanese Association of Dermatologists (SAD).

ONGOING RESEARCH

1. Extra digestive Helicobacter pylori Skin manifestations (EdHpSm).
2. Cutaneous manifestations of Diabetes Mellitus.

Research Supervision - Postgraduates Registered For the Degree of M.Sc. and Clinical MD in Dermatology at the Sudanese Medical Specialization Board (SMSB).

1. Western blots techniques for detecting extra digestive Helicobacter pylori in Al Jawda Medical Centre, Dermatology clinic, Khartoum, Sudan. Dissertation submitted in partial fulfillment of the requirements for M.Sc. degree in immunology by **Olla Rahamtalla**, M.B.Ch.B – Sudan Academy of Science, supervised by: **Bashir, A.H.H** (2009). Published.
2. Prevalence of Extra Digestive Helicobacter Pylori Cutaneous manifestations in Diabetic Sudanese patients, Dermatology clinic, Khartoum, Sudan. Dissertation submitted in partial fulfillment of the requirements for MD degree in immunology by **Dr. Sally AbdelHadi Nasr Ibrahim**, MBBS – university of Khartoum, supervised by: **Bashir, A.H.H** (2010). Published.
3. Role of stool Ag in confirms diagnosis of H. Pylori in extra digestive skin manifestation, Dermatology clinic, Khartoum, Sudan. Thesis submitted in partial fulfillment of the requirements for the degree of the M.Sc. in Medical Laboratory sciences by **Sara Mohamed Muhammad Ali**, M.B.Ch.B – University of Medical Sciences and Technology, supervised by: **Bashir, A.H.H** (2011). Published.
4. The prevalence of Vitiligo variants in association with Helicobacter Pylori infection, Al Jawda Hospital, Khartoum, Sudan. Dissertation submitted in partial fulfillment of the requirements for M.B.B.S. degree for the academic year by **Tamara Ahmed Abdel Aziz AbdelMoneim**– university of Medical sciences and Technology, Faculty of Medicine. Supervised by: **Bashir, A.H.H** (2012). Published.
5. Prevalence and correlation of systemic diseases association in cutaneous diabetic microangiopathy, Dr. **AlaamEldin Khalid Bashir** - M.B.B.S- Omdurman Islamic University. Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in internal medicine. Department of internal medicine, Faculty of Medicine, University of Khartoum. Supervised by: Prof. Mahdi MA

- ALMahdi, and **co supervised** by: **Bashir, A.H.H** (2005-2006). Published.
6. Clinicoepidemiological study of fungal cutaneous manifestations in Diabetes Mellitus patients attending outpatient clinic of Jabir Abu Ezz Diabetic Centre, Khartoum, Sudan. By **Dr. KamalEldin NasrEldin Hamid**, M.B. B.S - University of Bulgaria. Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in dermatology and Venereology. Department of Dermatology, Faculty of Medicine, University of Juba. Supervised by: Prof. Yousif M Kordofani, and **co supervised** by: **Bashir, A.H.H** (2005). Published.
 7. Clinicoepidemiological study of Bacterial cutaneous manifestations of Diabetes Mellitus in Jabir Abu Ezz Diabetic Centre outpatient clinic, Khartoum, Sudan. By **Dr. Osman Abdel Malik El-Bashir**, MBChB - University of Alexandria. Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in dermatology and Venereology. Department of Dermatology, Faculty of Medicine, University of Juba. Supervised by: Prof. Yousif M Kordofani, and **co supervised** by: **Bashir, A.H.H** (2005). Published.
 8. Clinicoepidemiological Study of Eczema Variants Prevalence in Khartoum skin Teaching Hospital (KSTH) in Khartoum, Sudan. By **Dr. Nuha Nasar**, MBBS- University of Khartoum. Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in dermatology and Venereology. Department of Dermatology, Faculty of Medicine, University of Juba. Supervised by: Prof. Yousif M Kordofani, and **Acknowledged** by: **Bashir, A.H.H** (2005).
 9. Clinical variants and risk factors in patients of Taenia capitis attending the out-patient clinic of Khartoum Dermatology Teaching Hospital, Khartoum, Sudan. By **Dr. Nagat**, MBBS- University of Cluj-Napoca. Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in dermatology and Venereology. Department of Dermatology, Faculty of Medicine, University of Juba. Supervised by: Prof. Yousif M Kordofani, and **Acknowledged** by: **Bashir, A.H.H** (2005).
 10. Clinical grading and risk factors in patients with acne vulgaris attending the out-patient clinic of Khartoum Dermatology Teaching Hospital Khartoum, Sudan. By **Dr. Nima Ibrahim Hassan** M.B.C.S. - University of Khartoum, Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in Dermatology and Venereology. Department of Dermatology, Faculty of Medicine, University of Juba. Supervised by: Prof. Yousif M Kordofani, and **Acknowledged** by: **Bashir, A.H.H** (2005).
 11. Relationship between the body mass index and seminal parameters attending the out-patient clinic of Khartoum Dermatology Teaching Hospital Khartoum, Sudan. By **Dr. Nahla Abdella SeidAhmed**, M.B.C.S. - University of Khartoum, Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in Dermatology and Venereology, KSTH. **Supervised** by: **Bashir, A.H.H** (2014).

12. Correlations between Vitiligo and Diabetes Mellitus in Sudanese attending the out-patient clinic of Khartoum Dermatology Teaching Hospital Khartoum, Sudan. By Dr. **Afrah Mohamed Mirgani Hamour**, M.B.B.S. - University of Juba, Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in Dermatology and Venereology, KSTH. **Supervised** by: **Bashir, A.H.H** (2014).
13. Association between H. Pylori and Eczema in Sudanese patients attending in Al Amani Centre- Institute of Endemic Diseases- U of K, Dermatology clinic, Khartoum, Sudan. Thesis submitted in partial fulfillment of the requirements for the degree of the M.D. By **Dr. Sally El-Fatih Ahmed Mohamed**, MBCS – **supervised** by: **Bashir, A.H.H** (2011). Published.
14. The Correlation between Helicobacter Pylori and Vitiligo Variants at Omdurman Military Teaching Hospital. Thesis submitted in partial fulfillment of the requirements for the degree of the M.D. By **Dr: Maha ELamin Hassan**, MBBS – **supervised** by: **Bashir, A.H.H** (2015). Published.
15. Pruritus among Diabetic Patients at Jabir Abu eez Diabetic center Khartoum, Sudan. By **Dr. Najla Abd Elrazig Elobaid Elhaj**, M.B.B.S. – Jazira University. Thesis submitted in partial fulfillment of the requirements for the clinical M.D. degree in Dermatology and Venereology 2015. **Supervised** by: **Bashir, A.H.H** (2015).
