Gender: Male | Nationality: Sudanese

Place of Birth: Saudi Arabia

Date of Birth: 22/3/1995

## BRIEF ABOUT EXPERIENCE

I work at **University of Khartoum, Faculty of Engineering** as a **(Full-Time) teaching staff**. Before, I worked as trainee engineer at Greater Nile Petroleum Operating Company (GNPOC) (practical field training and office work) from DEC 2017 to FEB 2018. Also, I joined the Ministry of Oil and Gas Training in the drilling and production section (JAN TO MAR 2019) I have managed to fill the shortage in production section through reporting and presenting the daily production for the whole Sudan companies. Adding to that, I involved in Full Field Review (FFR) in part of production technologies via review, identify and analysis the problems that encountered an increasing in production and participated in reservoir engineering part of Field Development Plan (FDP). Recently, I am studying master's degree in **Engineering Management** at University of Khartoum (Final semester).

## WORK EXPERIENCE

(Dec. 2017 – Feb. 2018)

### Trainee Engineer (40 hours/week)

Greater Nile Petroleum Operating Company (GNPOC)
