Personal Information

Name : Mohanad Mubarak Yosuf Mubarak

Nationality : Sudanese

Place of birth : Almanaqil- Sudan

Date of Birth : 01/01/1992

Gender : Male

Passport No : P04481609 – Expiry date: 10/2/2023

Social Status : Single

Address : Al-Deiwam Town – White Nile State /Sudan

E-mail : mohanadhano1992@gmail.com

Mobil : +249911045513 - +249911090616 - +249921015499

Profile:

A versatile and professional petroleum engineering graduate with wide ranging knowledge in variety of petroleum engineering related studies and areas including reservoir engineering, drilling engineering, production engineering, oil storage, transportation and refinery also I have good information about working rules for general industry and oil industry specially.

Education Background:

- Primary School : Musab ibn Omer Eldwim White Nile State
- Secondary School : Khalil Boys.
- University : Sudan University of Science and Technology / College of petroleum engineering and technology

Qualification:

- The Secondary School Certificate.
- Diploma of Petroleum Engineering and Technology 2011 (First class 3.03)
- BSc of Petroleum Engineering 2015 (2.95/4).

Course & Trainee:

- Oil and gas exploration methods (Surveying, seismic geophysical method, electric method, gravity method and general geology in 2011).
- Sudanese for petroleum product and transport in 2012.
- Effective report writing in 2013.
- Effective communication in 2013.
- Heglige oil field trainee involves drilling, service rig, and CPF in 2014.
- DCU – Khartoum Refinery Company - 2016

Language	Write	Read & Speak
Arabic	Excellent	Excellent
English	v. good	v. good

Skills:

- Computer Skills.
- Landmark Drilling Software for Design and Planning Directional and Extended Reach Drilling Wells.
- ECLIPS
- PIPESIM

Reference:

- 1- Eng: Ala Hamad – shift supervisor – Khartoum Refinery Co
- 2- Dr. Tagwa Ahmed Musa - Associate Professor, Petroleum Engineering Department College of Petroleum Engineering and Technology, Sudan University of Science and Technology

Email: tagwamusa@sustech.edu, Tel. +249915101572

- 3- Eng. Mujtaba Omer. Drilling Supervisor at GNPOC
Phone: +249912605935
- 4- Eng. Balla Hamad. Maintenance Coordinator at National drilling company
Phone: +249918080250

Job career objective:

To obtain position that will utilize my skills and let me continue to update my knowledge in petroleum engineering.

Current Position:

- Field Operator from 2016 to Aug-2018.
- DCS Operator from Aug-2018 to Nov 2018.
- Field Operator from December – 2018 up to date.

Khartoum Refinery Company- Delay Coke Unit.

- **Job Description:**

- **Fraction include:**

- Patrol Inspection.
- Distillation (Fractionator).
- Heat Exchangers.
- Pumps.
- Separators Drum.
- Absorber & Desorbed System.
- Fuel Gas Treatment.
- LPG treatment.
- Chemical Dosing Injection.

- **Reaction include:**

- Furnace.
- Coke Drums.
- Coke cutting water recycle drums.
- Patrol Inspection.

- **Decoking include:**

- High pressure pump.
- Bottom cover of coke drum.
- Top cover of coke drum.
- Decoking equipment.
