- **Personal Profile**

- An energetic and mature Mining Engineering Graduate with nearly 11 years sustained work experience in all aspects of Mining Planning and Production, drilling, blasting and careful skilled handling of explosive materials. Work undertaken in Asia's biggest Open Cast Coal Mines in India. Duties in this period have also included training workers in all practical and technical subjects associated with this complex industry. I was promoted to Mines Manager for a South African Mine charged with a wide range of operational and business planning responsibilities since 2013 June then after I worked in Iron ore open cast mines at Jabalpur and got II<sup>nd</sup> class certificate of Metal restricted of DGMS India, after I got an opportunity with Kwanza Kilwa Gypsum Mining in "Tanzania East Africa" as a Head of Mining Operation. A lively "hands on" practical approach to work with the ability to take on any task that may require. Thrives in a busy working environment where competing deadlines and attention to detail is critical. A good team player and able to take personal initiatives always following clear guidelines and procedures. Multi lingual and someone who is quick to learn new skills.

- **Key Skills –**

- Mine Planning, Production & Maintenance
- Innovative and flexible worker
- Strategic management and logistical planning skills
- Fluent in three languages (Hindi, English and Swahili)
- Advanced IT skills
- Clear communication skills
- Conversant with all health and safety requirements

- **Employment History (2010 to 2021) -**

- **Project Coordinator Officer Mines (Coal Open Cast) -**

- Date 01/11/2010 to 01/04/2013 – IBP mining division of Indian Oil Corporation Ltd.(India), Duties included drilling and blasting in Northern Coalfields Limited. Handled blasting for 311/269/259/150 mm drill dia. holes with a depth of max. 50m for dragline and shovel bench blasting.
